

The background of the entire page is a photograph of a vibrant, colorful dish. It features a large portion of yellow quinoa or couscous, garnished with fresh green herbs, red pomegranate seeds, and dark, dried fruit. To the right of the grains are several skewers of grilled meat, possibly lamb or chicken, which are drizzled with a white, creamy sauce. The dish is served on a bright blue plate with a subtle, embossed pattern. In the upper left corner, there's a smaller inset image showing a close-up of a similar dish with a lemon wedge. In the upper right corner, another inset shows a small bowl of a reddish-orange sauce. The overall aesthetic is fresh, healthy, and appetizing.

Michael Spinks

Chairman and
Managing Director

Now trading as EFG Foodservice, we are an independent, family run company trading since 1853. We supply a wide range of ambient, chilled, frozen, and non-food products from our depots in Hackney, London and Stevenage, Hertfordshire, as well as from our sister company, Celtic Foods in Pembroke Dock, Pembrokeshire. As ever, we are proud of the level of employment of local staff at all our depots.

We will be focussing on the very important issue of sustainability over the next couple of years. Whilst sustainability has long been a concern of ours, we have challenged ourselves to put it at the heart of everything we do and make it a priority amongst our customers. Already we have changed our operations to reduce waste sent to landfill and reduce our gas and electricity usage. Additionally we are stocking products to facilitate our customers in the food-to-go market in going plastic free. We have big plans afoot, be sure to check out our blog for updates throughout the year.

Price comparison across foodservice providers is common practice amongst those in the food industry. It does however encourage suppliers to attempt to compete solely on price. We have chosen a different policy here at EFG Foodservice. We offer what we call fair pricing. We will never artificially inflate prices and then offer discounts, nor will we discount a product below its cost value to lure in new customers. When you buy from us you can rest assured that you pay for the cost of the product and the service we offer you. If prices rise or fall, this is reflected in the price you pay.

My colleagues and I welcome any opportunity to meet you to discuss your foodservice requirements. With over 150 years' experience and a customer base that spans all types of modern foodservice we are well equipped with the expertise to be a valued partner to your business.

CUSTOMER FOCUSED, FAMILY RUN WHOLESALER

Notes on Brexit:

We know that 2019 is going to be a challenging one for the foodservice sector. As things stand at the time of printing this, the UK will be leaving the EU at the end of March 2019. At present, we do not have a solid idea of what this departure will look like and what the implications will be for either you our customers, or for ourselves. As such we have taken certain steps to safeguard our business and our service levels to you, our customers.

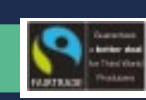

First and foremost, we would like to reassure you that some things won't change. Our membership of both The Country Range Group, giving us a quality own-label portfolio of almost 800 products, and of The Unitas Buying Consortium, enable us great buying efficiencies and the ability to be competitive on price. We have also invested in additional warehouse facilities at our Stevenage depot, effectively doubling our storage there. We will be using this space to increase our stock levels of key product lines.

Regardless of the outcome of Brexit, we will remain focused on exceptional service levels, finding new products where needed, or offering suitable alternatives should product supply become an issue. We would add too that we are confident in our abilities to be able to address any challenges head on and shall assist you in any way we can to do the same. If you have any particular concerns regarding this matter, either now or following Brexit, please do not hesitate to get in touch.

Sustainability is the name of the game. If going into 2019 you would like to see how your business could reduce its environmental impact via the products you buy please get in touch. We can support you on going plastic free, adding more vegetarian and vegan options to your menus or looking at products that will create less waste for landfill.

As part of our environmental policy this brochure is printed using vegetable oil based ink and is produced to high environmental standards, including EMAS, ISO14001 and FSC® certification.

Introducing Fabbri 1905 Product Range

Fabbri Mixyfruit Fruit Purees and Pulpes
Fruit purees and pulps for a fruity burst in cocktails or sparkling water. Blend with ice for a smoothie, or use as a dessert sauce.

Fabbri Mixybar Fruit Syrups
Syrups derived from real fruit for flavouring cocktails, sparkling water, milkshakes. Mix with crushed ice to create flavourful granitas.

Fabbri Mixybar Cocktail Syrups & Ingredients
Alcohol free aromatic and cocktail flavoured syrups, and specialist ingredients to create both non-alcoholic and alcoholic cocktails.

Fabbri Mixybar Coffee Syrups
Manufactured with a great depth of flavour enabling baristas to use less, reducing the sugar content but not the taste of flavoured coffees.

Fabbri Gourmet Dessert Sauces
Thick, high quality sauces perfect for serving over desserts, using for plate or glass art, flavouring milkshakes or topping ice creams.

Fabbri Amarena Cherries
Premium quality, perfectly ripe, Italian cherries prepared using the secret Amarena Fabbri recipe. Perfect for adding to bakes, topping desserts and milkshakes, or adding to sparkling wine.
